RAMP Gamesheets Pick Up Player Process (New as of October 29, 2022):

The OWHA has created a step-by-step manual that will walk team staff through the process of applying for a Pick Up Player. Please ensure you follow the directions as it will ensure that your request is completed accurately. The manual will also provide you with instructions on how to approve a Pick Up Player request if your team receives one.

You can access the manual via this link:
